PART I.

AMENDMENTS OF HOUSING ACTS.

1. —(1) The Minister of Health (hereinafter referred to as the Minister) may, subject to such conditions as with the approval of the Treasury, he may think fit to impose, make, or undertake to make contributions out of moneys provided by Parliament towards:

(a) any expenses incurred by a local authority for the purposes of Part III. of the Housing of the Working Classes Act, 1890 (hereinafter referred to as the principal Act), in assisting in accordance with section two of this Act persons or bodies of persons constructing houses of such type and size as may be specified in such conditions as aforesaid and completed before the first day of July, nineteen hundred and twenty-five;

(b) any losses incurred by such an authority in themselves providing such houses;
so, however, that such a contribution shall not exceed the sum of £ for each house in respect of which the contribution is made, payable annually for a period not exceeding years.

(2) The Minister may, with the approval of the Treasury, make or undertake to make contributions out of moneys provided by Parliament towards the expenses incurred by a local authority in carrying out a re-housing scheme in connection with a scheme made under Part I. or Part II. of the principal Act (including the acquisition, clearance, and development of land included in the last-mentioned scheme, and whether the re-housing will be effected on the area included in that scheme or elsewhere), of such amounts, for such periods, and subject to such conditions as, with the approval of the Treasury and after consultation with the local authority, the Minister may determine so, however, that the annual contributions made in respect of any re-housing scheme shall not exceed one-half of the estimated average annual loss likely to be incurred by the local authority in carrying out the scheme.

(3) Where before the passing of this Act a local authority has submitted to the Minister proposals for assisting persons or bodies of persons undertaking to construct houses, or for the provision of houses by the local authority themselves, and such proposals have been approved by the Minister, contributions may be made under this section in like manner as if the assistance had been given or the houses provided after the passing of this Act.

(4) References in this section to local authorities shall in any case where the powers of a local authority have been transferred to a county council include such county council.

(5) Sections seven and nineteen of the Housing, Town Planning, &c. Act, 1919, and any enactments amending those sections, and section eight of the Housing Act, 1921, are hereby repealed; but this repeal shall not affect the validity of any regulations made thereunder or the power to amend such regulations, or any liability of the Minister to pay any sum which under the said sections and regulations he has undertaken to pay, or any liability of the London County Council to make repayments to councils of
metropolitan boroughs thereunder, or the terms and conditions on which the Public Works Commissioners may lend for the purposes of a scheme towards the losses of which the Minister is liable to contribute under the said section seven.

2.—(1) Local authorities for the purposes of Part III. of the principal Act, may, in accordance with proposals submitted by them to the Minister approved by him, assist or undertake to assist persons and bodies of persons constructing houses, being houses which comply with the conditions required to be fulfilled in order that contributions may be made by the Minister under this Act in respect of them.

(2) Assistance under this section may be given in any of the following ways; that is to say, the local authority may—

(a) make grants by way of lump sum after the completion of the houses;

(b) undertake to refund, during such period as may be specified in the proposals, to the person by whom the rates on any house are payable, the whole or any part of the rates paid by him in respect thereof;

(c) where the person to be assisted is a member of a building society who, for the purpose of building a house, has obtained advances from the building society, undertake to meet any part of the periodical sums payable after the completion of the house by him to the building society by way of interest or repayment of such advances during such period as may be specified in the proposals.

(3) A grant made by a local authority under this section in respect of a house, may be made subject to such conditions as the local authority may impose, and in the event of any breach of any condition so imposed the amount of the grant paid shall be recoverable by the local authority from the owner for the time of the house, and shall be a charge on the premises having priority over all existing and future estates, interests, and encumbrances, with the exception of quit-rents and other charges incident to tenure, tithe rentcharge and charges
A.D. 1923. created by or arising under any Act of Parliament, whether public, general or local.

In this subsection "owner" has the same meaning as in the Public Health Act, 1875.

(4) A local authority may, before granting assistance under this section in respect of any house, require security to be given that the house will be completed before the said first day of July, and that the other conditions subject to which the assistance is given will be observed.

(5) The raising of money for making grants under this section, shall be a purpose for which a local authority may borrow under Part III. of the principal Act.

(6) In the application of this section to the county of London, the London County Council shall, to the exclusion of any other authority, be the local authority for the purposes of Part III. of the principal Act.

3. The failure to complete a house before the said first day of July shall not render invalid any undertaking to make a contribution or give assistance, in respect of the house if the house is completed before the thirtieth day of September, nineteen hundred and twenty-five, and if the Minister is satisfied that the construction of the house was begun within a reasonable time and that the failure to complete the house before the said date was due to circumstances over which the person constructing the house had no control.

4.—(1) Such local authority as is mentioned in section two of this Act may, subject to such conditions as may be approved by the Minister, at any time within two years after the passing of this Act, advance money to persons or bodies of persons constructing or undertaking to construct houses, subject to the following provisions:

(a) The advance shall be secured by mortgage, and the mortgage deed may provide for repayment being made either by instalments of principal or by an annuity of principal and interest combined; so, however, that in the event of any of the conditions subject to which the advance is made not being complied with, the balance for the time being unpaid shall immediately become repayable; and
the advance may be made by instalments from time to time as the building of the house progresses, so that the total of the advance does not at any time before the completion of the house exceed fifty per cent. of the value of the work done up to that time on the construction of the house, including the value of the site thereof.

(2) Any such local authority as aforesaid may subject to such conditions and within such time as aforesaid undertake to guarantee the repayment to a building society of any advances made by the society to any of its members for the purpose of enabling them to build or acquire houses.

(3) An advance or guarantee under this section may be made in respect of a house in respect of which assistance is given by the local authority under section two of this Act and in addition to such assistance.

(4) The raising of money for making any such advance, or for fulfilling any such guarantee, shall be a purpose for which a local authority may borrow under Part III. of the principal Act.

5. In section fifteen of the Housing, Town Planning, &c. Act, 1919 (which relates to the powers of local authorities for dealing with land acquired or appropriated for the purposes of Part III. of the Housing of the Working Classes Act, 1890), the proviso to paragraph (d) of subsection (1) and subsection (2) shall be repealed.

6.—(1) Where a housing scheme to which this section applies has been carried into effect by a local authority outside their own area, and for the purposes of the scheme roads have been constructed by that local authority, then, if the Minister certifies that the roads have been constructed and laid out in accordance with plans and specifications approved by him, the liability to maintain the roads shall vest in the council of the borough or district in which the scheme was carried out.

(2) Where such a scheme has been carried out by a local authority outside their own area, any habitation certificate from the council of the borough or district in which the houses are situate required under any local Act or byelaw shall not be necessary in respect of...
A.D. 1923.

any houses provided under the scheme which were constructed in accordance with plans and specifications approved by the Minister.

(3) The schemes to which this section applies are housing schemes made and approved under section one of the Housing, Town Planning, &c., Act, 1919, and re-housing schemes in connection with a scheme made under Part I. or Part II. of the principal Act, whether such housing or re-housing schemes have been carried out before the passing of this Act or are carried out hereafter.

(4) Where a scheme to which this section applies has been carried out, whether before or after the passing of this Act, by the London County Council within the area of a metropolitan borough, the council of the metropolitan borough shall be under the like liability as 15 to the maintenance of roads as if the metropolitan borough had been a borough outside London.

7. Where the land included in a scheme made, whether before or after the passing of this Act under Part I. or Part II. of the principal Act, comprises premises in respect of which an old on-licence is in force, the following provisions shall have effect:

(1) If on the application of the local authority by which the scheme is made the renewal of the licence is refused, that local authority may contribute such sum as they think fit towards the amount assessed as compensation upon the refusal of the renewal of the licence, and any sum so contributed shall be payable as part of the expenses of carrying out the scheme;

(2) Where the local authority acquire the premises in pursuance of the scheme, the compensation authority under the Licensing (Consolidation) Act, 1910, may contribute out of the compensation fund such sum as they think fit towards the amount assessed as compensation in respect of the acquisition of the premises.

8.—(1) Where a resolution has been passed by a local authority under Part I. of the principal Act that an improvement scheme ought to be made, all the provisions of the Housing Acts as to the procedure for making, confirming and carrying out of schemes under Part II. of that Act, and as to the assessment of
compensation for land taken under such a scheme, shall apply in the case of a scheme made under such a resolution in lieu of the provisions governing such matters in relation to schemes under Part I.

Provided that—

(i) the provisions of the Lands Clauses Acts incorporated in an Order confirming a scheme either under Part I. or under Part II. shall be subject to the modifications of those Acts contained in paragraph (10) and paragraph (12) of the Second Schedule to the principal Act as amended by any subsequent enactment; and

(ii) Section forty-one relating to the assessment of compensation shall in its application to schemes both under Part I. and Part II. of the principal Act have effect as if for subsections (1) (2) and (3) thereof the provisions of section twenty-one were substituted.

(2) As respects the County of London, both the London County Council and the metropolitan borough councils shall be local authorities for the purposes of schemes under Part I. and under Part II. of the principal Act, subject to this qualification that where the scheme relates to not more than ten houses the council of the metropolitan borough to the exclusion of the county council shall be the local authority, without prejudice, however, to contributions being made by metropolitan borough councils to the county council and by the county council to the metropolitan borough councils in accordance with the provisions of section forty-six of the principal Act as amended by any subsequent enactment.

9.—(1) The provisions of the Housing Acts relating to compensation for obstructive buildings, which are dwelling-houses, and the assessment thereof, shall apply to the case of obstructive buildings which are not dwelling-houses.

(2) The compensation payable in respect of the demolition of an obstructive building, the site whereof is retained by the owner, shall be assessed by an official arbitrator under the Acquisition of Land (Assessment of Compensation) Act, 1919, and the provisions of that act to obstructive buildings.
A.D. 1923. Act, other than section two thereof, shall apply accordingly, notwithstanding that no land is acquired compulsorily.

10.—(1) So much of the Housing Acts as requires receipts and expenditure of a local authority under Part I. or Part III. of the principal Act to be paid into and out of the Dwelling House Improvement Fund shall cease to have effect.

(2) Every local authority shall keep separate accounts of their receipts and expenditure—

(a) under Part I. and so much of Part II. of the principal Act as relates to reconstruction schemes;

(b) under so much of Part II. of the principal Act as does not relate to such schemes;

(c) under Part III. of the principal Act.

11.—(1) Any notice, order, or other document required or authorised to be served under the Housing Acts may be served either—

(a) by delivering it to the person on whom it is to be served; or

(b) by leaving it at the usual or last-known place of abode of that person; or

(c) by forwarding it by post in a pre-paid letter addressed to that person at his usual or last-known place of abode; or

(d) if addressed to the "owner" or "occupier" of premises, by delivering it to some person on the premises, or if there is no person in the premises on whom it can be so served, then by affixing it to some conspicuous part of the premises.

(2) Any notice, order, or other document which is by the Housing Acts required or authorised to be served on the owner or occupier of any premises may be addressed to the "owner" or "occupier" of the premises (naming them) without further name or description.

(3) Nothing in this section shall affect the provisions of the Housing Acts relating to the service of notices, summons, writs and other proceedings at law or otherwise required to be served on local authorities under those Acts.
12. Subsections (3) to (6) of section fifteen of the Housing, Town Planning, &c. Act, 1909 (being provisions which are virtually superseded by section twenty-eight of the Housing, Town Planning, &c. Act, 1919), are hereby repealed, and the said section twenty-eight shall have effect subject to the following modifications—

(a) A notice given by a local authority under that section shall specify what works are to be executed as being necessary to make the house in all respects reasonably fit for human habitation:

(b) The owner may appeal to the Minister against any notice requiring him to execute works under that section, and against any demand for the recovery of expenses from him under that section or an order made by the local authority with respect to those expenses under that section, by giving notice of appeal to the Minister within twenty-one days after the notice is received or the demand or order is made (as the case may be) or such longer time as the Minister may allow, and no proceedings shall be taken in respect of any notice, demand, or order whilst the appeal is pending:

Provided that no appeal against such a demand or order shall lie if and so far as the appeal raises any question which might have been raised on an appeal against the notice itself:

(c) The raising of money to defray the expenses of repairs executed by a local authority under that section shall be a purpose for which the local authority may borrow.

13. Section ten of the Housing, Town Planning, &c. Act, 1919 (which enables a local authority to enter and take possession of land which they are authorised to purchase compulsorily for the purposes of Part III. of the Principal Act, or which they have agreed to purchase for the purposes of that Part, subject to the rights of the person in possession), shall apply to cases where a local authority is authorised to purchase land compulsorily for the purposes of a scheme under Part I. or Part II.
Part II. of the Principal Act and cases where the authority have agreed to purchase land for the purposes of such a scheme subject to the interest of the person in possession, as if that section were herein re-enacted in terms made applicable to land authorised to be purchased or purchased for the purposes of such a scheme, subject to this modification, that the length of notice required to be given before entry shall be twenty-eight days instead of fourteen days.

14.—(1) For the purpose of facilitating the erection of dwelling-houses, the Minister may prescribe a code of building byelaws relating to the level, width, and construction of new streets, but no such code shall have effect unless and until adopted by resolution of a local authority; and where such code is so adopted it shall not be necessary for the local authority to comply with the requirements of section one hundred and eighty-four of the Public Health Act, 1875, and the code shall have full force and effect as part of the byelaws of the local authority in substitution for such of the existing byelaws of the authority as may be specified in the resolution.

(2) Where a local authority have approved any plans and sections for a new street, subject to any conditions imposed by any byelaws in force in the area of that authority, those conditions may be enforced at any time by the authority against the owner for the time being of the land to which the conditions relate.

(3) For the purposes of this section, existing byelaws includes byelaws with respect to new streets made by any local authority under section one hundred and fifty-seven of the Public Health Act, 1875, as amended by any subsequent enactment, and any enactment by local Act dealing with the laying out and construction of new streets and any byelaws made with respect to such matters under any such local Act:

Provided that—

(a) where the byelaws are made by or under any such local Act, references to the requirements of the local Act as to the procedure for making the byelaws shall be substituted for
references to the requirements of section one hundred and eighty-four of the Public Health Act, 1875; and

(b) where the provisions to be superseded are contained in a local Act, this section shall have effect as if those provisions were bye-laws of the local authority.

(4) This section shall not apply to the administrative county of London.

15. Section forty-four of the Housing, Town Planning, &c., Act, 1909, which enables the Minister to revoke bye-laws if satisfied that they unreasonably impede the erection of dwellings for the working classes within a borough or urban district shall have effect as if for the words "is unreasonably impeded" there were substituted the words "is or is likely to be unreasonably impeded," and shall extend to cases where any building operations are so impeded or likely to be impeded as if for the words "dwellings for the working classes" there were substituted the words "any buildings."

PART II.

TOWN PLANNING, &c.

16. Any question which under subsection (4) of section fifty-eight of the Housing, Town Planning, &c., Act, 1909, is to be determined by the arbitration of a single arbitrator appointed by the Minister shall be determined by the arbitration of an official arbitrator under the Acquisition of Land (Assessment of Compensation) Act, 1919.

17. The time within which councils of boroughs and urban districts are required by section forty-six of the Housing, Town Planning, &c., Act, 1919, to prepare and submit to the Minister town planning schemes shall be extended to six years from the first day of January, nineteen hundred and twenty-three, and accordingly subsection (1) of that section shall have effect as if for the words "three years" there substituted the words "six years."

A.D. 1927.
